Re: Completion Report for Remedial Action dated 21 May 1999  
Building NS 705 (Site Identification # 17664)  
Charleston Naval Complex/Charleston Naval Base  
Charleston, SC  
Charleston County

Dear Mr. Magwood:

The author has completed technical review of the referenced document. As submitted, the report provides a narrative describing remedial actions employed to remove contaminated surface soils at the subject site. The executed activities and confirmation sampling appear to indicate that no additional endeavors for remedial actions and/or contaminant characterization is warranted for Building NS 705 site at this time.

With consideration to the above comments, the Department has reviewed the referenced environmental data. Based on the information and analytical data submitted, the Department recognizes that the Department of the Navy and Charleston Naval Complex/Charleston Naval Base has adequately addressed the known environmental contamination identified on the property to date in accordance with the approved scope of work. Please note, this statement pertains only to the portion of the site addressed in the referenced report and does not apply to other areas of the site and/or any other potential regulatory violations. Further, the Department retains the right to request further investigation if deemed necessary.

Should you have any questions please contact me at (803) 898-3559.

Sincerely,
